3M™ Two-sided Sanding Sponges

Scuffing made simple

Power through projects with a two-sided sanding sponge that delivers up to twice the life*, reducing downtime and replacement costs. Its soft, conformable foam wraps around contours, edges, and profiles to help maintain consistent contact and a uniform finish. Colour-coded for easy use and selection, these sponges can be used wet or dry throughout the job.

*Over a single sided alternative

Grades	Applications
Medium 120-180	Used to clean the repair area and remove loose paint/rust. Filler sanding.
Fine 320-400	Feather-edging, primer refinement and plastic bumper sanding.
Superfine 500-600	Final primer refinement before painting. Plastic bumper sanding. Light blending. Preparation for seam-sealer application.
Ultrafine 600-800	Final primer sanding for critical base-coat colours. Blending.
Microfine 100-1200	Light clear-coat defect removal. Blending.

Cubitron™ 3
Performance Abrasives

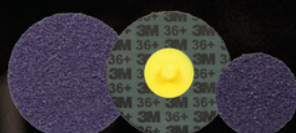

Enter the new era of abrasive performance

**Get more done, with less effort:
3M™ Cubitron™ 3 Abrasives for
the body shop.**

Re-engineered Precision-Shaped Grain—
more material removed by at least up to 1.2x
and sustained higher cut rate by at least
1.4x.*

**3M™ Cubitron™ 3
Abrasive File Belts**

**3M™ Cubitron™ 3
Roloc™ Fibre Discs**

**3M™ Cubitron™ 3
Cut-Off Wheels**

* All based upon 3M internal automated testing against corresponding 3M™ Cubitron™ II Products

3M™ Clean Sanding System Tools

As part of the 3M™ Clean Sanding System, this new addition offers compact and ergonomic sanding tools designed to deliver high-quality surface preparation and finishing results, while helping to improve the performance of your 3M abrasives.

These tools feature a durable composite cover with soft grip material, providing comfort and durability during use

Variable speed adjustment lets you choose the exact speed for your task

Thumb control designed to help you avoid accidental speed changes

Using these sanders with a dust extraction system helps reduce dust in the air, creating a cleaner shop or workspace

One for All

The most versatile spray gun in the industry.

Introducing our next generation – the 3M™ Performance Spray Gun 2.

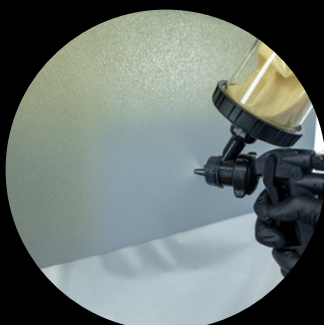

It's more than just a spray gun – it's an application tool with precision performance you can rely on.

It allows you to spray virtually all common automotive coatings. Just by changing the nozzle, you can switch material within seconds from a heavy textured rocker guard coating to the finest clear coat atomisation.

Use it with 3M™ HVLP or Fine Finish Atomising Heads ranging from 0.9 to 2.0 sizes – the choice is yours.
